## The Trendco Story

Trendco have been supplying hair replacement products since 1965, and with over 50 years of experience, we have been able to develop a fantastic range of men's hair systems. Trendco offer the world's finest hair, allowing you to rise to new levels of confidence by stocking human hair and fibre hair systems. All of which are manufactured to strict standards using only the highest quality materials.

For those wanting perfection, we offer an excellent custom made service, where each system is hand crafted to your specifications.

*At Trendco, we offer a range of human hair and fibre hair systems. There are advantages to both, so here is a chart to help you decide which material is best for you.*

# HUMAN HAIR or FIBRE HAIR

?

## HUMAN HAIR

### ADVANTAGES

- Natural Appearance
- Heat Resistant
- Soft Texture
- Style can be altered
- Can add darker colour tones

### DISADVANTAGES

- Colour oxides
- Porous
- Heavier than fibre hair
- High Maintenance

## FIBRE HAIR

### ADVANTAGES

- Appearance of natural hair
- Colour Stability
- Low Maintenance
- Dries quickly

### DISADVANTAGES

- Prone to Friction Frizz
- Prone to heat damage
- Avoid exposure to high heat
- Cannot be restyled
- Shorter lifespan

# NEW MICROLITE

Styled by Chris Chapman

*Ideal unit for first time and older wearers requiring less hair. A clear base and lower density offers a natural finish. Very lightweight and can offer up to 2-3 months wear.*

## Specifications

**Hair Type:** 100% fibre hair

**Base Type:** Clear Polyurethane

**Base Size:** 9" x 7" / 23cm x 18cm

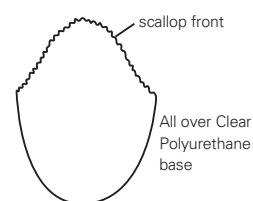

**Hair Length:** 4-6" / 10cm-15cm

**Hair Density:** Light/Medium

**Curl:** 32mm

Available in Human Hair as a special order. Please call our customer service team on 01273 774977.

### New Microlite base

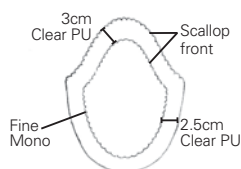

# NEW NATURELLE

*A very popular unit offering an average of 6-8 months wear when worn with tape, expect less if bonded on. Double split knotting gives freestyle finish with or without a parting.*

## New Naturelle base

## Specifications

**Hair Type:** 100% fibre hair

**Base Type:** Fine Mono, 2.5cm Clear PU, Scallop Front and Connecting Seams

**Base Size:** 9" x 7" / 23cm x 18cm

**Hair Length:** 4-6" / 10cm-15cm

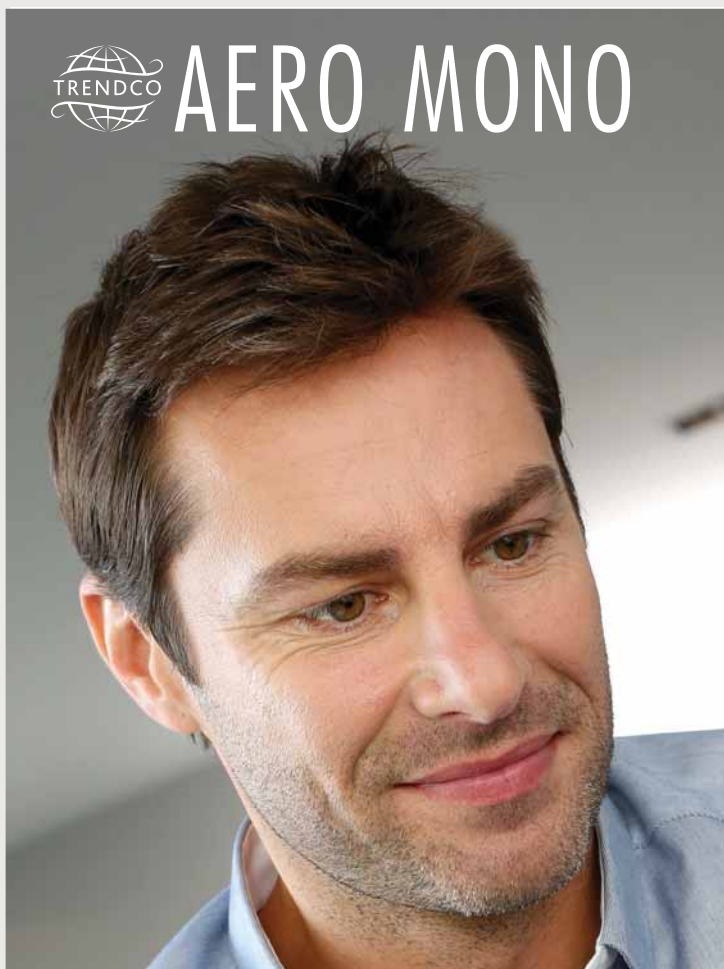

**Hair Density:** Medium

**Curl:** 32mm

Available in Human Hair as a special order. Please call our customer service team on 01273 774977.

# AERO MONO

*Knotted freestyle for easy styling with a scalloped front. Can be attached with tape, clips or bonded on. Suitable for reducing to different sizes. Up to 6 months wear.*

## Specifications

**Hair Type:** 100% Human Hair  
(Grey content is fibre)

**Base Type:** Welded Mono/Scalloped Front

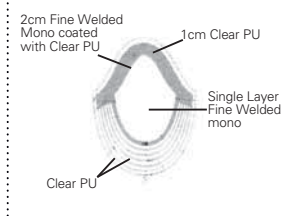

**Base Size:** 8" x 10" / 20cm x 25.5cm

**Hair Length:** 4-5" / 10cm-12cm

**Hair Density:** Light/Medium

**Curl:** Slightly wavy

### Aero Mono base

# AERO LACE

Styled by Chris Chapman

BEFORE

*Lace top and front for a natural finish. Freestyle and lightweight for easy styling. Attach by clips, tape or bonding and can be cut down in size for coverage of smaller areas. Up to 3-4 months wear.*

## Specifications

**Hair Type:** 100% Human Hair  
(Grey content is fibre)

**Base Type:** Swiss Lace, Fine Welded Mono

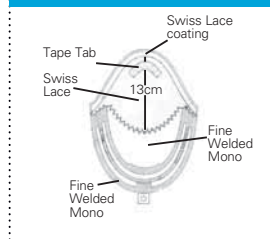

**Base Size:** 8" x 10" / 20cm x 25.5cm

**Hair Length:** 4-5" / 10cm-12cm

**Hair Density:** Light/Medium

**Curl:** Slightly wavy

### Aero Lace base

MIKE

# FULL HEAD SYSTEMS

AKI

*Modern style with temple to temple lace front. Lightweight & easy to style, which can be styled away from the face. The Anti-Slip PU provides extra security.*

*Flexible, stylish & modern style. Aki can be cut & styled for a personalised look, just add products!*

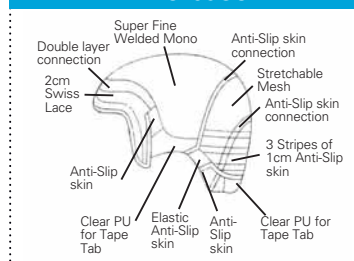

## Specifications

**Hair Type:** 100% European Human Hair (Grey content is fibre)  
**Base Type:** Super Fine Welded Mono & Lace  
**Base Size:** 56cm Circumference  
**Hair Length:** 3-4" / 7.5cm-10cm  
**Hair Density:** Light  
**Curl:** 38-40mm

## Specifications

**Hair Type:** 100% fibre Hair  
**Base Type:** Temple to temple lace front, monofilament top with a stretch net and wefting  
**Base Size:** 56cm and 58cm circumference  
**Hair Length:** 2.5" / 5cm

# EXPERIENCE IT.... CUSTOM MADE SERVICES

*Trendco have been supplying custom made systems since 1965. Our team of experts offer you the most comprehensive custom made service.*

*All our custom made hair systems are individually designed and are virtually undetectable to both sight and touch. They are each designed and styled to the highest standard associated with Aderans. The end result is a totally exclusive unit, handcrafted to your design and ready to be styled to each person's individual requirements, so you can live your life the way you want to; sleep, shower and play active sport with confidence.*

*With an average of 12 week completion, each and every order is carefully studied and processed to avoid any misunderstandings and unwanted delays. Working from your template or measurements, any type of base can be constructed, full head wigs and pieces can be made to your specifications in Human Hair, Fibre Hair, Cyberhair or V-Hair.*

*Get your hair back, restoring a natural appearance as well as your confidence.....ITS TIME TO EXPERIENCE IT.....*

# API SEMI CUSTOM MADE

*Our API semi custom made service is as easy as ABC and a great alternative to a full custom made wig, all you need to do is choose a cap size and your perfect colour! The ordering time is approximately 10 weeks delivery and will need minimal styling when it arrives!*

*API semi custom made caps come in three different sizes; 54cm, 56cm and 58cm and all caps have hand knotted foundations. The colour range is extensive with 44 colours to choose from!*

## Specifications

**Hair Type:** 100% Human Hair  
(Grey content is fibre)

**Hair Length:** 3-4" / 7.5cm-10cm

**Hair Density:** 80% - Light

**Curl:** 36mm – Slightly wavy

The API Semi Custom Made service is a salon only service. Please call our customer service number on 01273 774977 for further information or if you are a trade customer, to order your API kit.

# CYBERHAIR

*Cyberhair is a fibre, which is an imitation of human hair; it feels natural, is very easy to maintain and extremely durable.*

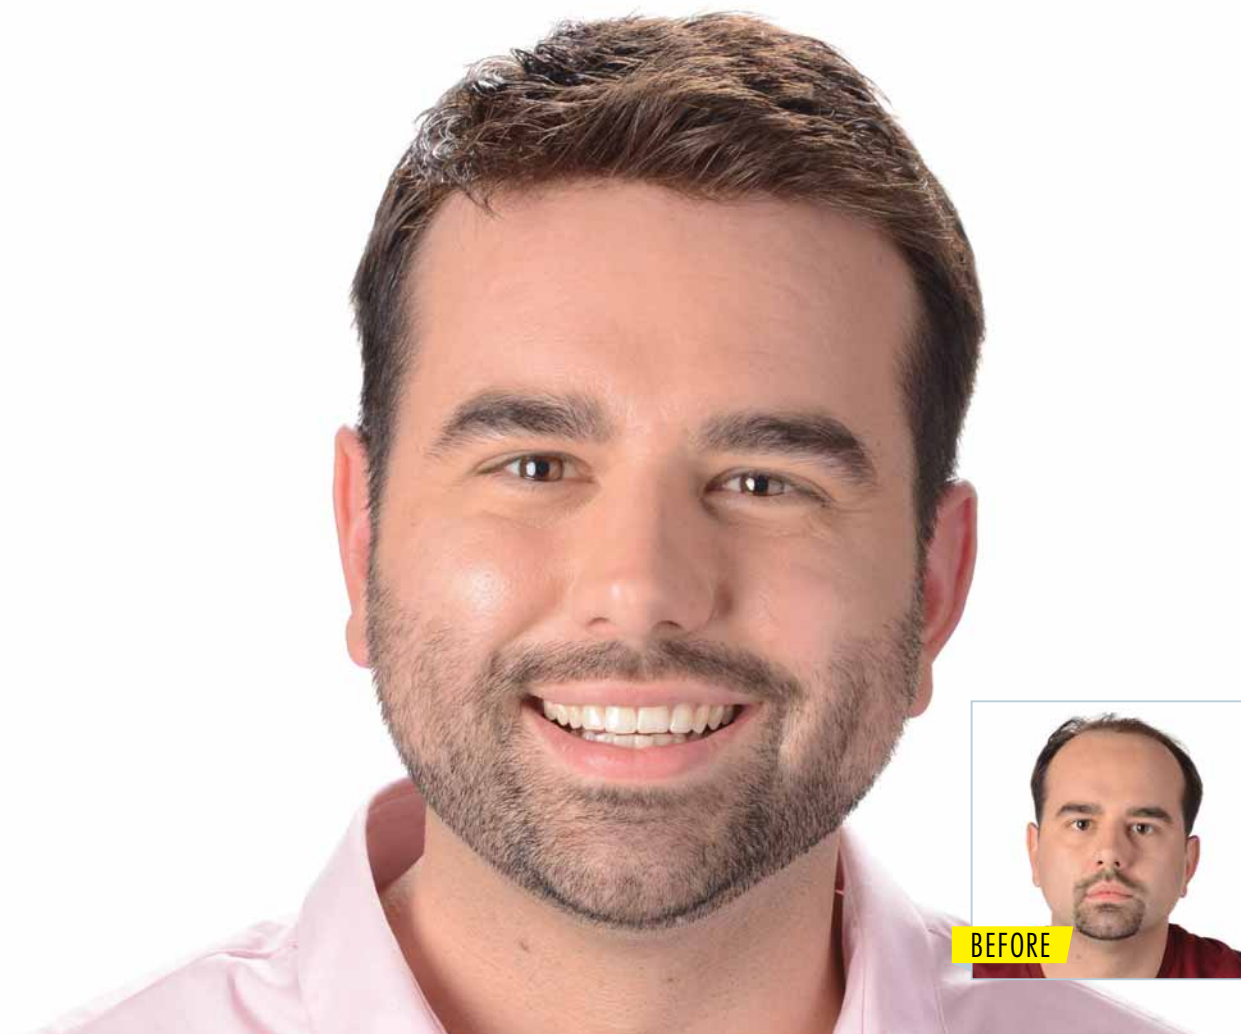

- Colour Fast – Has a great colour stability with only 2% colour fade in a year
- Lightweight – Lighter than human hair and moves like human hair
- High moisture content – Cyberhair always feels soft and looks healthy
- Durable - Twice as strong as human hair and has the capability to withstand more stress
- Memory – Will retain its style when washed

Due to Cyberhair's unique qualities, you can be as active as you want with the confidence you deserve! Swim, play sports, use saunas, have hot showers... The list is endless as your Cyberhair will always look great!

To find out more about Cyberhair, please contact your Cyberhair stockist.

*Please note, Cyberhair is only available to salons that have attended a Cyberhair Training Workshop with Trendco.*

# V-HAIR - THE NEW GENERATION OF HAIR

*Following on from the success of Cyberhair, a new fibre has now been produced called V-Hair. Launched in 2014, the huge accomplishment is that V-Hair replicates human hair in almost every aspect!*

The secret to V-Hair lays in the unique construction of each hair, making it more functional artificial hair but with all the features of human hair.

To find out more about V-Hair, please contact your V-Hair stockist.

*Please note, V-Hair is only available to salons that have attended a V-Hair Training Workshop with Trendco.*

- Flexible – Available in two textures which can be used separately or together enabling you to match your own hair texture
- Durable – Stronger than human hair
- Heat Resistant – Can be restyled as many times as you like
- Lightweight – Lighter than human hair but moves like human hair
- Colour Fast – Has a great colour stability with only 2% colour fade in a year

*With all of Trendco hair systems, aftercare is absolutely vital in keeping your hair fresh and clean. We offer a variety of products and accessories to help you style & care for your hair with ease, ensuring you get the most out of your system. We have worked hard to develop and research unique shampoos, conditioners, and styling products to complement and enhance our hair replacement systems.*

## FIBRE HAIR PRODUCTS

**BEFORE**

**AFTER**

MODEL USES MANE HAIR THICKENER SPRAY

# MASKING SOLUTIONS

## MANE HAIR FIBRES

MANE HAIR FIBRES ARE AN INNOVATIVE WAY OF THICKENING HAIR AND PROVIDING INCREASED SCALP COVERAGE. MANE HAIR FIBRES ARE TINY SYNTHETIC HAIR FIBRES THAT ATTACH TO YOUR OWN HAIR GIVING THE APPEARANCE OF THICKER, FULLER HAIR. MANE HAIR FIBRES NEEDS TO BE SEALED IN PLACE WITH A FOLLOW UP APPLICATION OF TRENDSCO HOLDING SPRAY.

MANE HAIR FIBRES ARE AVAILABLE IN JET BLACK, BLACK, DARK BROWN, MID BROWN, GINGER, HAZEL/AUBURN, LIGHT BROWN, MID BLONDE, SANDY BLOND, SALT & PEPPER & GREY

## TRENDSCO HOLDING SPRAY

MANE HAIR THICKENER SPRAY IS A FAST AND EFFECTIVE THICKENING SPRAY, WHICH NOT ONLY MAKES HAIR APPEAR THICKER BUT ALSO HELPS TO MASK THINNING AREAS. IT IS DISPENSED AS A COLOUR POWDER AND CAN BE SPRAYED ONTO THE HAIR AND SCALP AREAS WHERE THE HAIR IS THINNEST. MANE SPRAY NEEDS TO BE SEALED IN PLACE WITH A FOLLOW UP APPLICATION OF TRENDSCO HOLDING SPRAY.

MANE HAIR THICKENER SPRAY IS AVAILABLE IN BLACK, DARK BROWN, MEDIUM BROWN, LIGHT BROWN, AUBURN, HAZEL, LIGHT BLONDE, ASH BLONDE, SILVER & GREY.

**AMBER REMOVER** – 100% ORGANIC BIODEGRADABLE, FAST ACTING, NO ACETONE, NO ALCOHOL, NO RESIDUE, NON-FLAMMABLE LIQUID WHICH IS ABLE TO REMOVE PIECES HASSLE FREE.

## ADHESIVES & REMOVERS

### MAX ADHERE 360

- CAN BE USED ON LACE & POLYSKIN UNITS
- WHITE LIQUID GLUE BUT DRIES CLEAR
- WATER BASED
- WATERPROOF & LATEX FREE
- EASY TO CLEAN
- UP TO 4-5 WEEKS WEAR. CLEAN AND CAN LAST 4-5 WEEKS.

**MONO TAPE** – THE MOST POPULAR OF TAPES. THIS TRANSPARENT, STRONG GRIP TAPE IS HYPOALLERGENIC AND IS AVAILABLE IN A 5M AND 25M ROLL.

**RED LINER TAPE** – TO BE USED WHEN BONDING, AIDS REMOVAL OF THE UNIT.

**ULTRAHOLD MINI TAPE** – AVAILABLE IN PACKS OF 36 STRIPS WITH 4 SMALLER TABS ON EACH STRIP. WATERPROOF AND CAN LAST UP TO 6 WEEKS.

**LACE FRONT MINI TAPE TABS** – LONG LASTING LACE FRONT TAPE TABS FOR A SECURE HOLD OF UP TO 4 WEEKS. THEY ARE WATERPROOF AND DURABLE. AVAILABLE IN PACKS OF 72 TABS.

WE RECOMMEND THAT FOR ANY BONDING AND REMOVAL OF ANY PIECE IS CARRIED OUT BY AN EXPERIENCED STYLIST ESPECIALLY WHEN USING GLUE ADHESIVES. ALWAYS DO A SKIN TEST 48 HOURS BEFORE USING ANY GLUE FOR BONDING.

# TRADE TRAINING INFORMATION

*Trendco provide training for all our trade accounts in all aspects of hair replacement.*

Throughout the year, we host a wide range of seminars in our training centre in Hove, East Sussex. By investing in training for you and your staff, you will gain a better understanding about all aspects of hair loss and will be in a better position to offer your client's the correct product for them.

Learn how to improve and expand your knowledge with our educational programmes.

- Men's Hair Replacement
- Cyberhair
- V-Hair
- Human Hair Bespoke
- Ready To Wear – Cutting, Styling, Tips & Tricks

All delegates will be awarded with a certificate on the completion of each course.

We offer group and individual seminars that can be tailored to you.

For more information about our seminars and training courses, please call Jane Kelly on 01273 774977 or email [jane@trendco.co.uk](mailto:jane@trendco.co.uk)

# HOW TO BOND/REMOVE YOUR CLIENT'S HAIR SYSTEM

*Bonding a hairpiece to a client's head must be done in the correct way and always carried out in the salon. We would never recommend doing this procedure if you are not trained or experienced in bonding systems.*

**IMPORTANT** – A skin test for the glue is required 48 hours before bonding.

## STEP 1

Before attachment can be started, access the client's baldness to see that the hairpiece overlaps into the client's hair by at least ½".

## STEP 2

If you have a clear mould of the size and shape of the hairpiece, use this to mark the perimeter using an eyebrow pencil on to the client's head. If no clear mould is available, proceed to step 3.

## STEP 3

Position the hairpiece on to the client's head in the exact position that it will be worn. Use double sided mono tape at the front to hold in position, whilst you mark the outline of the hairpiece perimeter on to the client's head.

**STEP 4**

When you remove the mould/ hairpiece, the perimeter line should be clearly seen. The hair growing above the perimeter line should be shaved to the length of a number 0 on your clippers.

**STEP 5**

Apply red liner tape to the underside of the hairpiece where it will make contact with the shaven hair. Place double sided mono tape on the front area.

**STEP 6**

Remove the protective layer of the red liner tape and the double sided mono tape.

**STEP 7**

Apply the Max Adhere 360 to the red liner tape area. Apply a very light amount in a zig-zag pattern to ensure an even distribution. Apply the glue adhesive to the shaved area of your client's head. Place the hairpiece onto the client's head in the exact position it will be worn.

**STEP 8**

Once in position, use the clear mould to exert even pressure downwards. Hold for two minutes whilst the bond is made.

**IMPORTANT** – Advise your client not to shower or shampoo the piece for the first 48 hours to ensure the bond achieves its maximum bond strength

**DON'T** bond if the scalp is sore or has broken skin

**STEP 1**

Remove the hairpiece by gently pulling away from the client's own hair. Gently remove the tape from the hairpiece.

**STEP 2**

Apply Max Remove It or Amber Remover to the glued area of the scalp. Massage and leave in for 5 minutes and then shampoo the hair with warm water.

**STEP 3**

Apply Max Remove It or Amber Remover to the base where the Max Adhere 360 has been used. Leave for 5 minutes.

**STEP 4**

Wipe away the now softened residue with Max Remove It. (Tip – Surgical Spirit can work just as well for this step)

**STEP 5**

Now wash and condition the client's hairpiece ready to be bonded again.

*Removing a hairpiece from a client's head must be done in the correct way and always carried out in the salon. We would never recommend doing this procedure if you are not trained or experienced in bonding systems.*

Note – For a single layer mono and lace front pieces, soak for 15-20 minutes in a mixture of 60% remover and 40% luke warm water. All adhesive residue will wash clear. For further information on our men's training courses, please look at our training information on page 17. Only available to trade accounts.
